Commissioner for Patents

Stephen J. Castellano

Primary Examiner

Art Unit: 3781

The amendment filed on February 13, 2007 canceling all claims drawn to the elected invention and presenting only claims drawn to a non-elected invention is non-responsive (MPEP § 821.03). The remaining claims are not readable on the elected invention because Claim 5 is directed to a specie other than the elected specie of Fig. 5.

The previous claims drawn to the elected invention have been withdrawn and claim 5 to another specie has been submitted. However, applicant is not allowed to switch to another specie and should have filed a divisional application in seeking prosecution of the invention related to the specie of Fig. 2 which had not been mutually exclusively claimed originally. It is noted that applicant was able to choose the Fig. 6 specie and that original claims 3 and 4 both read on this species but applicant chose not to elect the Fig. 6 specie. Applicant may provide claims to the Fig. 5 specie to continue prosecution in this case. The Fig. 5 specie doesn't include the particulars of Fig. 2 or Fig. 6 and there is absolutely no indication of such in the specification.

Since the above-mentioned amendment appears to be a *bona fide* attempt to reply, applicant is given a TIME PERIOD of ONE (1) MONTH or THIRTY (30) DAYS, whichever is longer, from the mailing date of this notice within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD UNDER 37 CFR 1.136(a) ARE AVAILABLE.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Stephen J. Castellano whose telephone number is 571-272-4535. The examiner can normally be reached on increased flexibility plan (IFP).
